

Ministry to Priests through Priest Retirement Homes

The Oblate Sisters care for retired and convalescent priests in two priest retirement homes within the Diocese of Youngstown. Diocesan priests may freely choose to spend their retirement at one of these homes. Occasionally priests recovering from surgery may come for a brief period. Priests with special needs may also be assigned here at the discretion of the diocesan bishop.

We Oblate Sisters find great joy in offering loving assistance to priests who have placed their entire lives at the service of God's people and who in their senior years are now in need of service.
